

## DIRECTIONS FROM BART AT SFO TO MONTGOMERY BART STATION IN SAN FRANCISCO:

The BART (Bay Area Rapid Transit) Station is located **in the International Terminal at SFO**.

Follow the signs at the airport to “BART”

If you are not in the International Terminal there is an “Air Train” to BART:  
From the baggage claim area of SFO, follow the signs to the Air Train and BART. You’ll be heading upstairs to the Air Train. When you arrive there, there will be two air tram lines – red and blue. You can take either of these lines to the BART station but you’ll see from the signage above the lines that the red line is marked for BART. That’s because this line will get you there more quickly than the blue line will. Enter the air train and take it from your terminal to the BART terminal. It is called Terminal G but is also marked as the BART terminal. This will be 1-3 stops from your starting point depending on which terminal you were in when you got on to the tram.

At the airport BART station:

- 1) Purchase a BART ticket at the automated machines on the wall for \$8.10  
The machine to purchase tickets can be confusing so here are some tips
  - Pay by placing your bills or coins in the appropriate slots on the right of the machine
  - Try to have exact change, but if you do not you can SUBTRACT 5 cents by pressing button **D** or \$1 by pressing button **C** (for example press button **D** 3 times if you want to subtract 15 cents)
  - When you've placed the correct amount you need for your ticket, press button **E** to receive your ticket
  - You can also pay with a credit card

- 2) Proceed through the turnstiles. Insert your ticket into any turnstile that has a green arrow. Your ticket will pop back up, **please save the ticket for the exit.**

- 3) Follow the escalator down to the BART station – San Francisco Direction. (If you have somehow mistakenly ended up on the side of the station that says you are heading to Millbrae, you'll need to take the escalator back upstairs and head down the escalator in the opposite direction.)
- 4) Once on the BART train, your ride to **MONTGOMERY Station** in San Francisco will take about 40 minutes.

- 5) Get off at MONTGOMERY station, EXIT RIGHT out of the train door and take the escalator (do not take the escalator on the left)
- 6) Proceed through the turnstiles, insert your ticket to exit
- 7) EXIT at SANSOME STREET escalator
- 8) Our building, Citicorp Center, 1 Sansome Street, is directly to your left.
- 9) Once in the building, check in with security who will call us at the "Luxembourg Consulate General on the 8<sup>th</sup> Floor", and escort you to the elevators.
